ABOUT US

Services Circle Contracting Company is a leading sole proprietorship working in the field of contracting . strategy in this field. It is well-capitalized and led a strong management team.

Being part of a diversified group having more than a decade of service, we aim to share our vision with everyone we connect with in the world and to make it a better place to live, providing superior service to our customers, putting honesty, trust, and transparency first, creating opportunities for our people, delivering exceptional work, and strengthening our communities.

These qualities unite us as one company and we are proud of it in every aspect.

We encourage a culture of trust, transparency, and honesty on one side, and on the other, we highly value the professionalism, hard work, and long-term commitment that results in mutual growth, both for our staff and customers. Our history not only talks about our past but also about our present and future ambitions.

VISION & MISSION

VISION

To achieve steady growth, profitability and continuous development, while maintaining the highest standards of professionalism, integrity and ethics

While it may take years to achieve this or it may happen at a small level, it is important to align the present with our future ambitions.

MISSION

To become the leading innovative company that is recognized as both a reliable partner and an employer of choice with a professional and well-experienced team, we possess a high level of knowledge that enables us to understand customer's needs, find the right solutions, communicate and propose in a way that satisfies their requirements.
